Solution:

1	Insert the numbers 1 to 4 to determine the order of actions.	
2	Stop the leak	
3	Determine safe actions	
4	Control and contain	
1	Report the spill	
2	In which case(s) can a spill be called a minor spill?	
	Spill enters sewer system	<input type="checkbox"/>
	Spill poses a safety threat	<input type="checkbox"/>
	Spill enters surface waters	<input type="checkbox"/>
	Spill amount is small and can be cleaned on your own	<input checked="" type="checkbox"/>
3	When do you have to contact when the spill cannot be cleaned on your own?	
	Ambulance	<input type="checkbox"/>
	Fire Department	<input checked="" type="checkbox"/>
	Military Police	<input type="checkbox"/>
	German authorities	<input type="checkbox"/>
4	What must be reported when reporting a spill?	
	Initial responder name	<input checked="" type="checkbox"/>
	Temperature	<input type="checkbox"/>
	Time	<input checked="" type="checkbox"/>
	Location	<input checked="" type="checkbox"/>
	Smell of the spilled substance	<input checked="" type="checkbox"/>
	Type/quantity of spill	<input checked="" type="checkbox"/>
	Color of the spilled substance	<input type="checkbox"/>
	Need for emergency medical assistance	<input checked="" type="checkbox"/>
5	Who is the Fire Incident Commander?	
	Unit Commander	<input type="checkbox"/>
	Garrison Commander	<input type="checkbox"/>
	Provost Marshal	<input type="checkbox"/>
	Shift Leader at Fire Department	<input checked="" type="checkbox"/>
6	Who contacts the German authorities?	
	Environmental Management Division	<input checked="" type="checkbox"/>
	Public Affairs Office	<input checked="" type="checkbox"/>
	Provost Marshal	<input type="checkbox"/>
	Unit Commander	<input type="checkbox"/>
7	Who is the Facility Response Team?	
	Military Police	<input type="checkbox"/>
	Unit Environmental Compliance Officers	<input type="checkbox"/>
	Environmental Management Division	<input checked="" type="checkbox"/>
	Fire Department	<input checked="" type="checkbox"/>
